Program effectiveness data is reported annually to the JRCERT. This data reflects the programs performance regarding completion rate, credentialing examination pass rate, and job placement rate. Questions concerning the program effectiveness data should be addressed by the AC Radiography Program Coordinator.

AC Radiography Program 2015 JRCERT Annual Report Data:

Completion Rate – January 01-December 31, 2015

The program's completion rate for 2015 is 74%.

14 out of 19 students starting the program completed it within the expected timeframe.

Credentialing Examination Pass Rate - 2011 through 2015

The program's credentialing examination pass rate average over a five year span is 96%.

Eighty-Seven (87) out of ninety-one (91) program graduates taking the ARRT certification examination within six months of graduation passed on the first attempt.

Job Placement Rate - 2011 through 2015

(The number of students who gain employment in the field within twelve months of graduation verses the number of graduates who are actively seeking employment over a five year span)

The program's job placement rate average for 2011-2015 is 91%.

Sixty-nine (69) of the seventy-six (76) graduates seeking employment obtained a job in the field within 12 months of graduation.

The JRCERT has defined "**not actively seeking employment**" as: 1) Graduate fails to communicate with program officials regarding employment status after multiple attempts OR 2) Graduate is unwilling to seek employment that requires relocation OR 3) Graduate is unwilling to accept employment due to salary or hours OR 4) Graduate is on active military duty OR 5) Graduate is continuing education.
