authorize the Office of the Registrar to initiate this procedure with my permanent record (transcript).

The current is described in the TASP Policy Manual by the Texas Higher Education Coordinating Board (THECB) as follows:

TEC 51.931 entitles residents of Texas to seek admission to public institutions of higher education without consideration of courses taken 10 or more years prior to enrollment. This legislation has been called the “right to an academic fresh start,” and it gives students the option of having course work taken 10 or more years prior to the starting date of the semester in which the applicant seeks to enroll included or ignored for admission purposes. The removal of credit from these courses does not affect the TSI (Texas Success Initiative) status of the student.

I accept that this is a permanent change based on the description by THECB.
