

Transfer Credit Policy

Angelina College will accept credits from regionally and nationally accredited colleges and universities. If you are transferring from a public Texas college, we will automatically check the state's website to determine which courses will transfer. If you are coming from a private, online or out-of-state college, we will need course descriptions for any course you wish to transfer. Send the course descriptions to documents@angelina.edu for the evaluation process to begin. This process can take up to two weeks.
