	How satisfied were you with your experience in the Testing Center	13	1	4.4	48%	41%	10%	1%	0%							

Text Responses

Please tell us what has kept you from registering online:

wifi access

My classes are arranged by my instructors

Faculty have to register in person.

I'm not sure how register.

Idk

In-person classes are easy to know what's going to happen, while online some people don't have internet and find online classes harder to understand. To me online classes, I have a hard time getting an answer or seeing what assignment or news is going on.

The nursing program registered me for courses.

I didn't know exactly how to do it

This is my last semester.

I don't know what I'm taking

I have no idea where to start

My counselor or student guide does it for me

Haven't had time to, will be soon.

Difficult for me to navigate on my Chrome Book. Tried once and would not let me.

I feel more comfortable with doing it in person

Not sure on where to navigate to in order to register.

I prefer to register for classes in person

I am not sure if I would do it correctly

I have not turned in all of my papers (ie. official transcript).

I like registering in person

I'm not sure if I will pass online classes because I only took in person classes my whole life.

i didn't know i could do it online

Am a new student I had to get help first.

A person would be able to tell me about the classes how difficult they are or how they will coincide with my other classes.

I did not know this was an option. I set up a call with an advisor to set up my classes.

Just started this semester. Advisor set up my first class for me. I'll probably be registering online in the future.
