ADMINISTRATOR'S STATEMENT

Angelina College respectfully supports the \$2.03 billion formula funding request submitted by the Texas Association of Community Colleges (TACC) in its letter to the Legislative Budget Board and the Governor's Office, Budget Division. State support remains critical to the district as it continues to fulfill its statutory role and mission to offer vocational, technical, and academic courses for certificate, transfer, and degree programs. Together with Texas' other 49 community college districts, we will continue do much of the heavy lifting in the state's efforts to achieve the Building a Talent Strong Texas strategic plan. Expanded state investments in community colleges will support dual credit courses that give high school students an early start in post-secondary education; initiatives to recruit uncredentialed Texans and support them through graduation; and the creation and expansion of programs built on the skills necessary for gainful employment and Texas' continued economic growth.

BOARD OF TRUSTEES

The Board of Trustees of the Angelina College is composed of seven members all of whom reside in Angelina County and serve six year terms. The members of the board and their terms are as follows:

- Lynne Haney, 2028; Lufkin, TX;
- Sidney Roberts, 2028; Lufkin, TX;
- Hilary Haglund Walker, 2026; Lufkin, TX;
- Robert Lindsey, 2026; Lufkin, TX;
- Curt Fenley, 2026; Lufkin, TX;
- Gilbert (Joey) Garza, 2024; Lufkin, TX;
- Malcolm Deason, 2024; Lufkin, TX.

SIGNIFICANT CHANGES IN POLICY:

There are no significant changes in policy which impact this budget request.

BACKGROUND CHECKS

Background checks are conducted on all security-sensitive positions, and various other positions, as permitted by the Texas Government Code, Sec. 411.094 and Texas Education Code, Section 61.003 (8), and consistent with the college's policies and procedures.

Texas Community College Consortium (TC3)

(1) Year Non-Formula Support Item First Funded:	2020
Year Non-Formula Support Item Established:	2020
Original Appropriation:	\$1,250,000

(2) Mission:

TC3 is a collective of Texas community colleges working together for improved student outcomes, lowered administrative costs, and improved insights from institutional data.

TC3 works to provide staff services, maintain and support hardware and software for the organization as well as facilitate group purchasing. Our highest goal, however, is to provide smaller institutions the same competitive bargaining and data management capabilities larger institutions enjoy.

Current members include Angelina College, Hill College, Northeast Texas Community College, Midland College, Texarkana College and Kilgore College

(3) (a) Major Accomplishments to Date:

Some examples of TC3 successes:

TC3 members initially reduced the cost of the software by 80 percent, the cost of maintenance by 40 percent (saving one member over \$1 million), and the time to implementation by 44 percent compared to what the colleges could have achieved on their own.

TC3 implemented a shared DBA model to provide technical support for member colleges. There are 2 shared DBAs that are available on an as-needed basis to member institutions. The arrangement reduces overall salary costs for DBA services.

TC3 members received a 10% discount on Docubase Document Imaging Software.

In a recently re-negotiated contract with Blackboard, reduced the total contract price for participating members by a total of \$195,641 over the previous amount. Five of the seven member colleges shared costs on setup and configuration of modules to support Pathways. The per college bid for the project was approximately \$33,000 per college. By using a shared training model and vendor cooperation, the project was completed for under \$33,000 for all 5 colleges.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

989 Angelina College

Continued growth of the TC3 consortium. What originally started as a three-member organization, first grew to five colleges, and now seven. Conversations with other community colleges are on-going to further grow TC membership. Each new member provides greater buying power and greater opportunity to share resources and technical expertise.

The TC3 Board and staff at each college are constantly seeking how to better serve students and be good stewards of the funds allotted to perform our mission. In addition to obtaining discounted pricing, TC3 continues to explore other avenues to leverage our collaborative relationship:

- Additional opportunities to take advantage of economies of scale
- Shared business practices
- Shared reporting
- Improved student services

Projects currently in progress or under consideration are:

- Implementation of improved Pathways that will make it easier for students and staff to identify educational objectives and keep students on track
- Updates to the Financial Aid packaging system to a cloud-based software as a service (SaaS) model with a goal of making the Financial Aid process easier for students and with better integration to the overall ERP.
- Implementation of an Advanced Communications package that provides both ad-hoc and scheduled communications with students via text messaging or email.

The goal of this project is to improve retention and maintain faculty and advisor connections with students.

Prior to this request, the consortium was funded by the State through other means.
