## **Questions to Ask the University Advisor**

- Do they have my major? Is it clear what I will be able to do for a career with this major?
- Do the tuition and fees make sense for my financial plan?
- Do they offer scholarships or financial aid?
- Do they offer classes when I am available? Nights? Weekends? Online?
- What is the deadline for application? To apply for financial aid?

**Don't underestimate your local community college! If it's possible to finish an associate's degree and take classes needed for transfer, it's a smart financial decision!**
