

Heating, Ventilation, and Air Conditioning Pathway

School of Business and Technology

Career Opportunities

Students who complete both certificates have the opportunity to work as an HVAC technician in residential and/or commercial settings for any size HVAC company.

Advanced Degree and Certificate Opportunities

This pathway stacks two credentials, a residential and a commercial HVAC credential.

Marketable Skills

Active listening, diagnosis, problem-solving, adaptability, organization, customer service, written and verbal communication, time management, and project management.

Apply for Level 1 HVAC Residential (EMTE) and Commercial (EMTF) Certificates in the My AC Portal							

Note: Students are not required to complete both credentials, any one credential may be obtained independently.

Pathways are tools to help students stay on track and complete a program of study. Please refer to the catalog and speak with a Success Coach or advisor regarding major and core electives as well as course pre-requisites and TSI requirements.
