Questions to Ask the University Advisor

- Do they have my major? Is it clear what I will be able to do for a career with this major?
- Do the tuition and fees make sense for my financial plan?
- Do they offer scholarships or financial aid?
- Do they offer classes when I am available? Nights? Weekends? Online?
- What is the deadline for application? To apply for financial aid?

Don't underestimate your local community college! If it's possible to finish an associate's degree and take classes needed for transfer, it's a smart financial decision!
