

Multidisciplinary Studies

The Associate of Science (AS) degree is designed for students who plan to transfer to a four-year college or university to pursue a Bachelor of Science (BS) degree. Students working toward the Associate of Science degree will complete essential core requirements and electives based on their major emphasis and career goals. Students pursuing an AS should meet with a success coach or an advisor to discuss specific course options based on the student’s area of interest and their selected four-year institution.

Program Learning Outcomes (PLO)

After completing the AS in Multidisciplinary Studies degree, students will be able to:

PLO 1: Critically evaluate evidence and make informed decisions using the scientific method.

PLO 2: Effectively develop and explain ideas through written communication.

PLO 3: Synthesize, analyze, evaluate, and interpret primary and secondary sources of information for use in research-based essays and projects.

PLO 4: Effectively use mathematical theories, formulas, and methods to solve problems and perform calculations.
